

Made of Fire

Niko

Making a big mess in town, my daddy's screaming at me loud Ye ye, ye yeah Let me come and
go around, my body's really burning out Ye ye, ye yeah

Falling, free fall, making my life wild Crazy people, I am the one Have no limits, no one can
stop me Just don't touch me, 'cause I'm really really Really hot

I'm made of fire, I'm made of fire Hey, hey look at me through the barricades I'm made of fire,
I'm made of fire Feed me, light me, quench me too!

I'm made of fire, I'm made of fire Hey, hey look at me flame in solid state I'm made of fire, I'm
made of fire Light me, fed me, quench me too!

Get me overloaded now, my baby's crying at the show Ye ye, ye yeah Pumpin' up the volume
loud, my lady's writin' on the wall Ye ye, ye yeah

Falling, free fall, making my life wild Crazy people, I am the one Have no limits, no one can
stop me Just don't touch me, 'cause I'm really really Really hot I'm made of fire, I'm made of
fire Hey, hey look at me through the barricades I'm made of fire, I'm made of fire Feed me,
light me, quench me too!

I'm made of fire, I'm made of fire Hey, hey look at me flame in solid state I'm made of fire, I'm
made of fire Light me, fed me, quench me too!
