

DNA

Empire of the Sun

Oh, in the meadow where we lie
Back in spring of '79
There were no rules to feel sublime
Let's trek down the path We just slept to the radio. Gentle as my heartbeat now
Turn up the fuse all over again
My friend
(And so take me away) Be my... Be my DNA
Don't wanna fade away
Rewind there's no yesterday
It's our discovery
Dreamtime, it's a special place
Let's keep each other awake
Our hearts, now they beat the same
There is a thread that runs along
The seam of all the paths we've crossed
A colour wheel that spins around
We fall into one The price of getting setting suns
We're running to the beat of the drum
We are the creatures, rays and larks
Relax
(And so take me away) Be my... Be my DNA
Don't wanna fade away
Rewind there's no yesterday
It's our discovery
Dreamtime, it's a special place
Let's keep each other awake
Our hearts, now they beat the same
Take me away, so far away
No-one will find us
On our own island
Just out of choice
The dreamer fought the battleship away
It's over the horizon Voices inside of us to guide us on
Guiding us on Can't you hear us calling you
Can't you hear us calling you
Can't you hear us calling you Be my... Be my DNA
Don't wanna fade away
Rewind there's no yesterday
It's our discovery
Dreamtime, it's a special place
Let's keep each other awake
Our hearts, now they beat the same.
