Lady Like (Deepend Remix)

Ingrid Andress

I drink tequila straight
Haven't brushed my hair in days
And I'll kiss on the first dateIf I'm really feeling it
I don't even own a dress
Bite my nails when I get stressed
Do whatever for attention
If I'm needing itControversial, so outspoken
I've been told I'm not ladylikeBut I'm a lady like woah
I could bring you to your knees
And get you kicked out the Garden of Eden
Untameable, unframeable, Mona Lisa
Oh, kiss you like a whiskey fire
Turn around, leave your heart in a riot
Lipstick in a cigarette pack on the dash
I'm a lady like that
Sometimes I forget not to talk 'bout politics
When I'm in the middle of me getting hit on
Sometimes I'm not polite
Don't bite my tongue, I speak my mind
Let curse words fly when shit goes wrongControversial, so outspoken
I've been told I'm not ladylikeBut I'm a lady like woah
I could bring you to your knees
And get you kicked out the Garden of Eden
Untameable, unframeable, Mona Lisa
Oh, kiss you like a whiskey fire
Turn around, leave your heart in a riot
Lipstick in a cigarette pack on the dash
I'm a lady like thatControversial, so outspoken
I've been told I'm not ladylike
But I'm a lady like woah
I could bring you to your knees
And get you kicked out the Garden of Eden
Untameable, unframeable, Mona Lisa
Oh, kiss you like a whiskey fire
Turn around, leave your heart in a riot
Lipstick in a cigarette pack on the dash
I'm a lady like thatWoah
I could bring you to your knees
And get you kicked out the Garden of Eden
Untameable, unframeable, Mona Lisa
Oh, kiss you like a whiskey fire
Turn around, leave your heart in a riot

Lipstick in a cigarette pack on the dash
I'm a lady like that
I'm a lady like that
