

Carmen

Tony Orlando & Dawn

God only knows how many guys
Have been within your tender sights
You were a woman, was I a man
Your eyes said, "Take me" and I took your hand

And darlin', I love you
Too much to love you

Carmen
I'll make you more than human
Hoo, Carmen
I'll put you on a mountain
So high above me

Carmen
Oh, maybe had I touched you
But Carmen
My love made you untouchable
How could you love me

Days have come and days have gone
I've got someone and we get on
Tell her I love her there in the night
But it's just a shadow I'm holding tight

I never had you
And I'll never have you

Oh, Carmen
I'll make you more than human
Hoo, Carmen
I'll put you on a mountain
So high above me

Carmen
Oh, maybe had I touched you
But Carmen
My love made you untouchable
How could you love me

Oh, darlin', I love you

Too much to love you

Whoa, Carmen
I'll make you more than human
Hoo, Carmen
I'll put you on a mountain
So high above me

Carmen
Oh, maybe had I touched you
But Carmen
My love made you untouchable
