

# Family (with Kygo)

## The Chainsmokers & Kygo

Pretty face with two sides  
So what's it gonna be tonight?  
Dark days, I'm terrified I know that something isn't right  
You take what you want  
Then you leave when you're done  
Pretty face with two sides  
So what's it gonna be tonight? I'm in my house in the hills with the reaper  
And I wonder if he knows what I've done  
I've got the keys and I'm going off the deep end  
Doesn't hurt when you're doing it for fun  
Am I in your way? Ay, ay, ah, ah, ah, ah, ah  
Am I in your way? Ay, ay, ah, ah, ah, ah, ah  
(Am I in your?)  
I pull the trigger just to show her that I need her  
But she don't really trust anyone  
Yeah, everybody's always looking for a feature  
And no one's stepping up to be the one Am I in your way? Ay, ay, ah, ah, ah, ah, ah  
Am I in your way? Ay, ay, ah, ah, ah, ah, ah (Am I in your way? Ay, ay, ah, ah, ah, ah, ah)  
(Am I in your way? Ay, ay, ah, ah, ah, ah, ah) Pretty face with two sides  
So what's it gonna be tonight?  
Dark days, I'm terrified  
I know that something isn't right  
You take what you want  
Then you leave when you're done  
Pretty face with two sides  
So what's it gonna be tonight?  
I'm in my house in the hills with the reaper  
And I wonder if he knows what I've done  
I've got the keys and I'm going off the deep end  
Doesn't hurt when you're doing it for fun  
Am I in your way? Ay, ay, ah, ah, ah, ah, ah  
Am I in your way? Ay, ay, ah, ah, ah, ah, ah (Am I in your way? Ay, ay, ah, ah, ah, ah, ah)  
(Am I in your way? Ay, ay, ah, ah, ah, ah, ah)
