

Kim Jong

Lil Nas X

[Chorus]

Uh, niggas thinking that they up one
Choppas in the truck, you better go and duck, son
I could give a motherfuck 'bout what you did done
'Cause now I'm taking over, nigga, guess I'm Kim Jong
Uh, niggas thinking that they up one
Choppas in the truck, you better go and duck, son
I could give a motherfuck 'bout what you did done
'Cause now I'm taking over, nigga, guess I'm Kim Jong

[Verse 1]

Thirty niggas with me and they shooting too
Nigga, they will shoot at you
Thus leaving you dead
Bust ya mathafuckin cuticles
Different color Gucci
Nigga I look like Rubik's cube
Putting fake niggas on trial
Like the crucible, delusional niggas
Thinking they up next, that's a shame
'Cause they name ain't Lil Nas X
Young nigga, I was raised in the projects
In the draft, I'm the number one prospect

[Chorus]

Uh, niggas thinking that they up one
Choppas in the truck, you better go and duck, son
I could give a motherfuck 'bout what you did done
'Cause now I'm taking over, nigga, guess I'm Kim Jong
Uh, niggas thinking that they up one
Choppas in the truck, you better go and duck, son
I could give a motherfuck 'bout what you did done
'Cause now I'm taking over, nigga, guess I'm Kim Jong

[Verse 2]

Think I was meant for this rappin' shit
'Cause all the new niggas sent really wack as shit
Maybe if I change the game
I'll aim at lame niggas brains
And take the fame off they names

Then I'll give it back
To a motherfuckin' humble rapper
Conscious niggas always talking 'bout them mumble rappers
Like y'all shit can't be trash too
You niggas be wack too
Pussy fuck ya past, oh
You niggas gassed
My check better be getting to me
Or I'm wetting necks of niggas who didn't give it to me
Don't expect no respect, I never give it truly
Switch the pivot gotta get it, that's how I'm living, ooh-wee

[Chorus]

Uh, niggas thinking that they up one
Choppas in the truck, you better go and duck, son
I could give a motherfuck 'bout what you did done
'Cause now I'm taking over, nigga, guess I'm Kim Jong
Uh, niggas thinking that they up one
Choppas in the truck, you better go and duck, son
I could give a motherfuck 'bout what you did done
'Cause now I'm taking over, nigga, guess I'm Kim Jong
