

# On My Grind

Thi'sl

(Yeah)  
This your world God  
(Haha)  
And everything in it  
(I see you homie)  
I guess they think because  
(Ay boss)  
We serve You right  
(You told me they need to hear it like this man)  
We supposed to slack up  
(Ay juice)  
Now that I know what I'm fighting for  
(Let's get it)  
Man we go harder  
(We on our grind)

Now, ain't going to waste your time  
I sure ain't about to let you sit and waste mine  
I'm sick of seeing young boys out there dying  
You go on and handle yours and I'm going to handle mine  
(I'm on my grind)  
Ha, ha, ha  
I'm on my, I'm on my, I'm on my grind cousin  
I'm on my, I'm on my, I'm on my grind cousin  
I'm on my, I'm on my, I'm on my grind cousin  
I'm on my, I'm on my, I'm on my grind

Granny told your boy that she was proud of me  
That I was off the streets, and her boy was through thugging  
I know that granny baby, don't you worry bout nothing  
If it ain't bout the Lord then your boy ain't budging  
(We ain't moving)  
Yeah I never did think myself  
The word of God would make your boy wanna two step  
But granny told the Lord would meet me, two step  
He still working on me granny, through care  
I told a homie, we going to take it to the block  
And post up in the hood like we still selling rocks  
The only difference is, we ain't worried about the cops  
Pull on my own, we ain't worried about the shots

Flame told me, go on take it to the streets  
There's dudes in the hood that the Lord going to reach  
If it means me dying, Lord still send me  
We bout to get it in, if it mean no sleep  
I'm on my grind

Now, ain't going to waste your time  
I sure ain't about to let you sit and waste mine  
I'm sick of seeing young boys out there dying  
You go on and handle yours and I'm going to handle mine  
(I'm on my grind)  
Ha, ha, ha  
I'm on my, I'm on my, I'm on my grind cousin  
I'm on my, I'm on my, I'm on my grind cousin  
I'm on my, I'm on my, I'm on my grind cousin  
I'm on my, I'm on my, I'm on my grind  
(Let's get it)

I'm on the road headed to another show  
I asked the Lord if He send me I'll go  
(Send me)  
Momma have you seen, gotta worry no more  
But the law pulled me over like I'm still selling dough  
I told I ain't trying go flip a pound  
I'm trying to show them Christ before they put them in the ground  
Before the boys catch them, hit them with another round  
Since I met the Lord, this the way it's going down  
If I'm in your city, take me to the block  
Cause Jesus real homie, I'll tell it to the cops  
Without a bull horn I'll yell it on the block  
I wasn't ashamed when I was out there trying selling rocks  
Json told me, go on and take it to the streets  
There's dudes in the hood that the lord going to reach  
We bout to go hard if it mean no sleep  
And we can get it in no rhymes, no beats  
I'm on my grind

Now, ain't going to waste your time  
I sure ain't about to let you sit and waste mine  
I'm sick of seeing young boys out there dying  
You go on and handle yours and I'm going to handle mine  
(I'm on my grind)  
Ha, ha, ha  
I'm on my, I'm on my, I'm on my grind cousin  
I'm on my, I'm on my, I'm on my grind cousin  
I'm on my, I'm on my, I'm on my grind cousin  
I'm on my, I'm on my, I'm on my grind  
(Yeah, I'm on my grind man, feel this, get it)

Told me I need to leave the hood alone man, go on let them roll by  
But I'm tired of seeing guys die from the 4-5  
No lie, I'm praying they get to know God  
Saw them on the grind, with the mind of the post-high  
I'm in the hood trying to show love to a bunch of cats  
(What)  
Who be all up in the club blowing buns guns and sex  
Screaming life is more than blood runs and money stacks  
(Preaching Christ)  
Telling bout His blood, and He's coming back  
They by the street right, holding on their heat tight  
Said tripping, down them, lose their life in a street fight  
But knowing they should seek Christ  
(Why)  
Cause by far, that them jail bars is all you going to get out a street life  
Go on take it to them thugs  
GD, Group cliques, and them westside bloods  
Even hard head g's, need to see God's love  
Cause when the choppers go back, after that, it's the judge  
I'm on my grind  
  
Now, ain't going to waste your time  
I sure ain't about to let you sit and waste mine  
I'm sick of seeing young boys out there dying  
You go on and handle yours and I'm going to handle mine  
(I'm on my grind)  
Ha, ha, ha  
I'm on my, I'm on my, I'm on my grind cousin  
I'm on my, I'm on my, I'm on my grind cousin  
I'm on my, I'm on my, I'm on my grind cousin  
I'm on my, I'm on my, I'm on my grind
