

# Cowboy (feat. Carly Rogers)

## Upchurch

[Chorus: Carly Rogers]Take me to the wild wild westI'll wear my finest dress to your midnight  
rodeoTake me on your fastest rideLike Bonnie and Clyde down the darkest back roadI'll keep  
on holdin' tight to you until we see tomorrowUp and down, round and round, eight seconds ain't  
enoughAnd I can't help it but, I'm in love with a cowboy[Verse 1: Upchurch & Carly  
Rogers]The only time you see me is when the thunder clashesIn the middle of the night with  
the wolves in actionAnd despite a dead body, you straight up makin' her sayI'm in love, I'm in  
love with a cowboyShe's in love with a mystery, if I do point blank'Cause I stay ridin' through  
towns, like I don't ever even stayI'm just cruisin' the coast with about five hundred horsesNo  
brakes at my feet 'cause all I know is to floor itAnd she stands at the porch askin' why can't I  
goI tell her flirtin' with disaster is all that I knowI'll be back when the sun sinks down in the  
hillsTrenchcoat pulled tight, six gun on my hipLit Marlboro Red hangin' out of my lipsCall me  
the Lonesome Dove, I disappear in the mistOf the Clydesdale hooves click clack to a swamp  
songBy the time I told her, you know I'll already be gone (Gone)[Chorus: Carly Rogers]Take  
me to the wild wild westI'll wear my finest dress to your midnight rodeoTake me on your  
fastest rideLike Bonnie and Clyde down the darkest back roadI'll keep on holdin' tight to you  
until we see tomorrowUp and down, round and round, eight seconds ain't enoughAnd I can't  
help it but, I'm in love with a cowboy[Verse 2: Upchurch]The wild west is a land for a gamblin'  
manBut no pretty lady holds two rough hands'Cause these hands got a quick draw for these  
starsHit the bullseye point blank, one shot from afarThese boots been through the kill and hot  
mudI leave the heartbreak to the dive of the FLWhen I turn on that road put on the fancy  
dressAnd slip them high heels on, put that sequin to rest, uh[Bridge: Upchurch]I'll take you to  
the wild wild westWhere they gunsling the best and the whiskey's like gasolineMake me  
runaway with you in a smoky saloonAnd make up for the nights that I was missin' you[Chorus:  
Carly Rogers]Take me to the wild wild westI'll wear my finest dress to your midnight  
rodeoTake me on your fastest rideLike Bonnie and Clyde down the darkest back roadI'll keep  
on holdin' tight to you until we see tomorrowUp and down, round and round, eight seconds ain't  
enoughAnd I can't help it but, I'm in love with a cowboyI'm in love, I'm in love with a cowboy
