

If I Could Change Your Mind

HAIM

No, please don't cry
I've never done this before
Drove a million miles
Back when you were mine
I was too young to know
You were the one to find But if I was to say I regret it
Would it mean a thing?
'Cause every time I think, think about it
Memories take me back
To all of our wildest times
If I could change your mind
I would hit the ground running
It took time to realise
And I never saw it coming
Forgive my lying eyes
Gonna give you all or nothing
If I could change your mind
I could make you, make you mine Now I won't go
I won't run away this time
You're all I wanna know But if I was to say I forget it
Would it mean a thing?
'Cause every time I think, think about it
Memories take me back
To all of our wildest times
If I could change your mind
I would hit the ground running
It took time to realise
And I never saw it coming
Forgive my lying eyes
Gonna give you all or nothing
If I could change your mind
I could make you, make you mine Visions of our love pass right by me
Your eyes are enough to remind me
Visions of our love pass right by me
Your eyes are enough to remind me Vision of our love remind me If I could change your mind
I would hit the ground running
It took time to realise
And I never saw it coming
Forgive my lying eyes
Gonna give you all or nothing
If I could change your mind
I could make you, make you mine Vision of our love remind me

If I could change your mind
Vision of our love remind me
It took time to realise
Vision of our love remind me
Forgive my lying eyes
Visions of our love remind me
If I could change your mind
I could make you, make you mine
