

# Miss Ophelia

Fisher

Her number's under your shirt  
Next to your heart  
As if you could hide

She leaves a taste in your mouth  
A smell on your fingers  
As if I won't mind

I wanna know  
Is your Miss Ophelia  
Giving you all that you crave

I wanna know  
Is your addiction to me  
Stronger than your Miss Ophelia

She's in her favorite place  
Your lips around her  
As I watch from the side

She makes you feel sensual  
You make her look so intriguing  
Think I might try her

I wanna know  
Could your Miss Ophelia  
Give to me all that I crave

I wanna know  
Is the addiction to love  
Stronger than your Miss Ophelia

She put a spell in our veins  
Smoke in our eyes  
We are so blinded

I wanna know  
Did your Miss Ophelia  
Give to you all that you crave

I wanna know  
Is the addiction to me  
Stronger than your Miss Ophelia

I can still feel her  
I still taste her
