

# Hillbilly Deluxe

## Brooks & Dunn

[Verse 1]

Hey, up in the backwoods, down in the holler  
Old boys feeling like a dog on a collar  
Keeping that chain pulled tight  
Waiting on Saturday night  
Put on the smell-good, put on Skynard  
Head into to town like a NASCAR winner  
Cruising back an' forth to the Tasty-Freeze  
Everywhere you look, all you see

[Chorus]

Is hillbilly deluxe, slick pick-up trucks  
Big timing in a small town  
Stirring it up right about sundown  
Black denim and chrome  
To the bone with a little home grown  
A country girl cuddled up  
Hillbilly deluxe

[Verse 2]

Yeah, couple cute sweet things driving a fastback  
Shoot 'em a cool smile hoping that they smile back  
"Hey, Baby, what's you name?"  
Burn a little rubber when the red lights change  
Here come the blue lights, here come Barney  
Hide all the beer, y'all, let's move the party  
Gotta go, but that's all right  
Do it all again next Friday night

[Chorus]

Hillbilly Deluxe, slick pick-em-up trucks  
Big timing in a small town  
Stirring it up right about sundown  
Black denim and chrome  
To the bone with a little homegrown  
A country girl cuddled up  
Hillbilly Deluxe

Hillbilly Deluxe, slick pick-em-up trucks  
Big timing in a small town

Stirring it up right about sundown  
Black denim and chrome  
To the bone with a little homegrown  
Country girl cuddled up  
Hillbilly Deluxe [x3]
