

# Way Out

## Yeah Yeah Yeahs

Lies and love  
Lies, love  
Bed wetting son of the great heat  
It's all over me  
It's all under me  
The face ain't making what the mouth needs Wonder more  
Want, more  
Than we did before  
Try the new tease  
Well, quiet you  
Get over me  
The shit is running and it runs deep  
I'm way out  
Way out  
Way out  
Way out When you mean it on the inside you still can't get to me  
To me  
Fits around me so tight, nuh oh  
Fits around me so tight, nuh oh  
Fits around me so tight, nuh oh  
Fits around me so tight, nuh oh  
Fits around me  
Fits around me  
Fits around me  
Fits around me  
Fits around me  
Fits around me  
Fits around me  
Fits around me  
Fits around me I'm way out  
Way out When you mean it on the inside you still can't to me
