

# Come Get Her

Rae Sremmurd

[Intro: Swae Lee]

Trippin'

Mike WiLL Made-It

Somebody come to the floor, it feels like we've met before

[Chorus: Swae Lee]

Somebody come get her, she's dancin' like a stripper

Somebody come get her, she's dancin' like a stripper

Somebody come tip her, she's dancin' like a stripper

Somebody come get her, she's feelin' all the liquor

[Verse 1: Swae Lee]

Chopped and screwed up

I'm a pothead, true enough

At your ex crib and you're boo'd up

Take it slow, baby, we in no rush

Hennessy or Don Q? that's a very hard choice

For the diamonds on my pinky, need a gang of cool points

And the drop head make 'em drop dead, yeah

Ye ain't scared, ye ain't scared, ye ain't scared, yeah

Believe me, I'm outchea

You see me, in action

I've heard a lot, a lot about you

Passin' 'round blunts like a hot potato

And you dancin' on the table, gushin' like volcano

[Chorus: Swae Lee & Slim Jxmmi]

Somebody come get her, she's dancin' like a stripper

Somebody come get her, she's dancin' like a stripper

Somebody come tip her, she's dancin' like a stripper (Yeah, Slim Jxmmi)

Somebody come get her, she's feelin' all the liquor

[Verse 2: Slim Jxmmi]

You got girls in here? I'm recruitin'

And they fine, hop the line

I've been sippin' on Patrón and wine

I'm just tryna have a good fuckin' time

I was chillin' with the open container

Grabbed her arm, told her not to be a stranger

I was blowin' on the dank with my niggas

I was lookin' for the girls who willin'  
Baby girl, if you fuck with me, then we gettin' bands  
If you smokin' with me, then we on dabs  
I don't fuck with local hoes, I told you that  
How you movin', you deserve a couple racks

[Chorus: Swae Lee Slim Jxmmi]

Somebody come get her (Shit, shit), she's dancin' like a stripper (Hey!, Ayy, ayy, ayy, you  
better get your girl outta here, man)  
Somebody come get her, she's dancin' like a stripper (I thought she just wanted a picture, ayy)  
Somebody come tip her (Don't try me like no lil' nigga now), she's dancin' like a stripper  
Somebody come get her, she's feelin' all the liquor (SremmLife!)

[Verse 3: Swae Lee]

Hunnids on your face, baby girl  
Come and do that little thing that you was doin'  
Ayy, they was in this mothafucka trippin'  
What the hell they think we was doin'?  
It seems like we fuckin' in this club  
Baby girl, what they think that we're doin'?  
You gettin' on my nerves with them questions  
Girl, you know I'm tryna start a little movement  
I ain't got no business fuckin' with you  
Out the blue, you actin' brand new  
Washingtons mean nothing to you  
Same way with us

[Chorus: Swae Lee]

Somebody come get her, she's dancin' like a stripper  
Somebody come get her, she's dancin' like a stripper  
Somebody come tip her, she's dancin' like a stripper  
Somebody come get her, she's feelin' all the liquor
