

Beer Weather

Cold Creek County

[Verse 1]

I stepped outside this mornin'
Felt in the air
Hooked up the garden hose
Sprayed off the lawn chair
Blew up the kiddie pool
Kicked off my tanning shoes
Got in the water, ain't goin' higher
Hell yeah, it's lookin' like

[Chorus]

Beer weather
Time to break that cooler out
Fill it up and ice it down
No, there ain't nothing wrong about
A cold can in my hands
Lookin' at the world through Ray-Bans
Ain't nothin' better
Let's pop the top on this beer weather

[Verse 2]

Gonna call up all my friends
Fire up that weber grill
Crank up the speakers on the speaker on the deck
Kick back and keep it chill
There ain't no cover charge
Here in my back yard
Just get on over here
The sun is out, the sun is clear

[Chorus]

Beer weather
Time to break that cooler out
Fill it up and ice it down
No, there ain't nothing wrong about
A cold can in my hands
Lookin' at the world through Ray-Bans
Ain't nothin' better
Let's pop the top on this beer weather

[Bridge]

There's no telling what I've had, but
There's a 100% chance of beer weather
Nothing draws a party crowd like beer weather
Drinkin' ain't as fun without

[Chorus]

Beer weather
Time to break that cooler out
Fill it up and ice it down
No, there ain't nothing wrong about
A cold can in my hands
Lookin' at the world through Ray-Bans
Ain't nothin' better
Let's pop the top on this beer weather

[Outro]

Beer weather, ain't nothin' better
Beer weather, beer weather, beer weather
