

California Kids

Weezer

[Verse 1]

When you wake up
Cobwebs on your eyelids
Stuck in rigor mortis
Woah-woah
Just get going
'Til you hit the ocean
And you turn Californian
Woah-woah
You don't have to have the answers
Don't you worry
Don't you worry

[Chorus]

It's gonna be alright
If you're on a sinking ship (oo-wee-oo)
The California kids
Will throw you a lifeline
And if you're up all night
Thinking about something you did (oo-wee-oo)
The California kids
Will show you the sunshine

[Verse 2]

In your bare feet
In mid-January
Swimming in the mystery
Woah-woah
Second-guessing
Almost everything
Don't you worry
Don't you worry

[Chorus]

It's gonna be alright
If you're on a sinking ship (oo-wee-oo)
The California kids
Will throw you a lifeline
And if you're up all night
Thinking about something you did (oo-wee-oo)

The California kids
Will show you the starlight

[Verse 3]

All your old friends
Chilling back in Boston
You never forgot them
Woah-woah

[Chorus]

It's gonna be alright
If you're on a sinking ship (oo-wee-oo)
The California kids
Will throw you a lifeline
And if you're up all night
Thinking about something you did (oo-wee-oo)
The California kids
Will show you the sunshine
The California kids
Will show you the starlight
