

# Mason Jar

## Smallpools

She saw the world through a mason jar, it's foggy  
She had the kids with the vicious smiles, they got me  
Up on a hill with the trophy wives  
She's doing all right, all, all, right (yeah)  
They let her roam some tree or vine, no question  
She's got a home with some shit to climb, don't mention  
Been up and down like a hundred times But I got to kill this conversation while  
There is still sense in my mind  
But I miss the way you feel  
No one will ever know  
She wrote a film 'bout a double life, she's livin'  
She had a weak co-star in mind, I give in  
Mix[?] something clear with the coffee grinds  
We're shootin' all night, all, all, night (yeah)  
I feel the shift of the fallen side[?], I'm leavin'  
Nobody dares to take her side, still pleadin'  
She's breakin' down tell me one more time But I meant to kill this conversation  
While there was still sense in my mind  
But I miss the way you feel  
No one will ever know Well we both know  
The green will fade to gold  
It wasn't that, I should've called them off  
A face like stone  
The pain begins to show  
And it was not right, I should've called them off  
But I miss the way you feel (well we both know)  
No one will ever know (the green will fade to gold)  
I miss the way you feel  
It wasn't right I should've called them off (no one will ever know) But I miss the way you feel (a  
face like stone)  
No one will ever know (the pain begins to show)  
I miss the way you feel  
It was not right I should've called them off (no one will ever know)
