

# Redneck Love Song

Morgan Wallen

[Verse 1]

I'm a simple man, ain't no other way to say it  
Lay my cards on the table, only way I play it  
I got some draw in my y'all, they can't imitate it  
Tough and rowdy reckless  
Rough around the edges

[Pre-Chorus]

Ever since you came around I've been  
Thinking thoughts that I need to get out so I  
I grabbed a pen and a napkin and I wrote this down

[Chorus]

My tractor's green, my pasture's greener  
My tea is sweet but honey, you're sweeter  
My road is dirt, your heart is gold  
I'm a man of few words but baby here it goes  
My neck is red, my collar's blue  
And I love you

[Verse 2]

Yeah, I know it might sound a little elementary  
Like a nursery rhyme straight up from the country  
It won't pass for Shakespeare, girl I know it  
But I'ma pour my heart out like a back porch poet

[Chorus]

My tractor's green, my pasture's greener  
My tea is sweet but honey, you're sweeter  
My road is dirt, your heart is gold  
I'm a man of few words but baby here it goes  
My neck is red, my collar's blue  
And I love you

[Bridge]

Yeah, I love your pretty smile  
I love your skinny jeans  
I love the fact that you fell for a good ol' boy like me  
I love your long kiss  
And I love your long hair

I wanna shout it out from the town square  
That I love you  
I love you, I love you

[Chorus]

Yeah, my tractor's green, my pasture's greener  
My tea is sweet but honey, you're sweeter  
My road is dirt, your heart is gold  
I'm a man of few words but baby here it goes  
My neck is red, my collar's blue

Yeah, I love your pretty smile  
I love your skinny jeans  
I love the fact that you fell for a good ol' boy like me  
I love your long kiss  
And I love your long hair  
I wanna shout it out from the town square  
That I love you  
I love you, I love you  
Yes, I do
