

Tequila Little Time

Jon Pardi

Pardon me, I don't mean to pry
I saw the tears falling from your eyes, and I thought
You're too pretty not to wear a smile
Hope you don't mind if I sit down for awhile, 'cause I want tequila little time with you
A little salt and a lime will do
Hey bar man, will you bring us two?
I want tequila little time with you
Talking it all out
Seeing what you're all about
I hope you want tequila little time with me too
We don't have to talk about the past
Here's to moving forward and not looking back
Little later, we can take it to the dance floor, but
Until then, let's order a couple more, 'cause I want tequila little time with you
A little salt and a lime will do
Hey bar man, will you bring us two?
I want tequila little time with you
Talking it all out
Seeing what you're all about
I hope you want tequila little time with me too It's good to see you laughing
I guess this had to happen
Now let's just get to dancing, 'cause
I want tequila little time with you
A little salt and a lime will do
Hey bar man, will you bring us two?
I want tequila little time with you
Talking it all out
Seeing what you're all about
I hope you want tequila little time with me too Hope you want tequila little time with me too
Hope you want tequila little time with me too
