

# Electric Touch

## ARIZONA

[Verse 1]

Pause all these words  
Pause all these words that we keep aiming with  
Who said it first? Who said it first? Let's not go down like this  
Take your pain, take all of the emotions that you feel  
Give 'em all to me

[Chorus]

Oh, I-I-I, I wanna get lost in the night now  
Hold me in the dark, turn the lights down  
And give me your electric touch  
Oh, I-I-I, I don't wanna think about the distance  
I just wanna be in your existence  
So give me your electric touch, oh  
Give me your electric touch, oh

[Verse 2]

Oh, all the things, remember all the things we used to do  
Give in to me, give in to me and I'll give in to you  
If you need it, oh if you need to win, then I can lose  
If it brings me back to you

[Chorus]

Oh, I-I-I, I wanna get lost in the night now  
Hold me in the dark, turn the lights down  
And give me your electric touch  
Oh, I-I-I, I don't wanna think about the distance  
I just wanna be in your existence  
So give me your electric touch, oh  
Give me your electric touch, oh  
Give me your electric touch, oh

[Instrumental Bridge]

[Chorus]

Oh, oh, oh, oh, oh, oh  
So give me your electric touch, oh  
Oh, oh  
Give me your electric touch, oh  
Woah, oh, oh, oh, oh

Give me your electric touch, oh, oh
