

Omen

Sam Smith

I'm feeling something, something different
When you left, my picture changed
I was blinded, I'd not envisioned
The same face in a different frame It's an omen, caught my baby crying
Saw the silver lining
It must be an omen
Needed you to show me, without you I am lonely My mind would rule my heart
I didn't pay attention to the light in the dark
It left me torn apart
But now I see your tears as an omen
Oh-Oh-Oh-Oh Oh-Oh-Oh Omen
Oh-Oh-Oh-Oh Oh-Oh-Oh Omen
You were waiting, I was vacant You left before my eyes, then it hit me
You're relocating and I need you by my side
It's an omen, caught my baby crying Saw the silver lining
It must be an omen
Needed you to show me, without you I am lonely
My mind would rule my heart I didn't pay attention to the light in the dark
It left me torn apart
But now I see your tears as an omen
My mind would rule my heart
I didn't pay attention to the light in the dark
It left me torn apart
But now I see your tears as an omen
Oh-Oh-Oh-Oh Oh-Oh-Oh Omen
Oh-Oh-Oh-Oh Oh-Oh-Oh Omen
Oh-Oh-Oh-Oh Oh-Oh-Oh Omen
Oh-Oh-Oh-Oh Oh-Oh-Oh Omen
