

# Virus (How About Now)

**Martin Garrix & MOTi**

[Verse]

When every hour could be the last  
Why would we wait? Why would we wait?  
And every road could be unsafe  
But we'll be OK, we'll make it, we'll make it  
It's just who we are, say where to go  
And I know that I won't slow down  
It's just who we are  
Yeah, we will do anything we dream about

[Chorus]

How about now?  
How about now?  
How about now?  
How about now?
