

Rivers

Thomas Jack

[Verse 1]

We're like rivers in the night
I go left and you go right
We'll find on the other side
Who we are, who we are
Wish me luck and give me hope
Give me sunlight through my day
Turn it into gold
Carry on, carry on

[Chorus]

We'll take these broken songs
Make them as good as new
Bind them together into something we could never lose
We're rivers in the night
I go left and you go right
We'll find on the other side
Who we are, who we are

[Verse 2]

We can make it into something beautiful
Yeah, we don't have to try
We can make it into something wonderful
We'll never say goodbye
We can make it into something beautiful
Yeah, we don't have to try
We can make it into something wonderful
We'll never say goodbye

(Beautiful, yeah we don't have to try)
(Wonderful, we'll never say goodbye)

[Verse 1]

We're like rivers in the night
I go left and you go right
We'll find on the other side
Who we are, who we are
Wish me luck and give me hope
Give me sunlight through my day
Turn it into gold

Carry on, carry on

[Chorus]

We'll take these broken songs
Make them as good as new
Bind them together into something we could never lose
We're rivers in the night
I go left and you go right
We'll find on the other side
Who we are, who we are

[Verse 2]

We can make it into something beautiful
Yeah, we dont have to try
We can make it into something wonderful
We'll never say goodbye
We can make it into something beautiful
Yeah, we dont have to try
We can make it into something wonderful
We'll never say goodbye
We can make it into something beautiful
Yeah, we dont have to try
We can make it into something wonderful
We'll never say goodbye

(Beautiful, yeah we don't have to try)
(Wonderful, we'll never say goodbye)

We can make it into something beautiful
Yeah, we dont have to try
We can make it into something wonderful
We'll never say goodbye
