

# Love Her Like She's Leaving

**Jon Pardi**

Things been going pretty damn good  
Hell of a lot better than I thought they would  
When her last goodbye came on back  
I swore then it'd be the last time I ever let her down  
'Cause what I didn't know then I sure know now I'm gonna love her like she's leaving  
Like she's packed up her heart  
Like there's no tomorrow  
So she don't get too far  
I won't give her one good reason  
I'll be the me that she believes in  
I'm gonna love her  
I'm gonna love her like she's leaving  
Empty bottle and an empty bed  
Missing her memories pounding my head  
The thought of her with someone else  
How could I do that to myself?  
And watch her walk out that front door  
Is something I don't wanna see no more  
Yeah, I'm gonna love her like she's leaving  
Like she's packed up her heart  
Like there's no tomorrow  
So she don't get too far  
I won't give her one good reason  
I'll be the me that she believes in  
I'm gonna love her  
I'm gonna love her like she's leaving Things been going pretty damn good  
Hell of a lot better than I thought they would
