

Boots and Blood

Five Finger Death Punch

Think of one word
To change the world
Now put it into action
Fuck!
Fuck all the mind games
And fuck all the lies
Fuck what you think
Fuck all of you guys
Fuck what you heard
And fuck what you said
Fuck all your words
Your all fucked in your heads
I won't waste words on you
Fuck it
Fuck it
Fuck it all
I will reign down on you with
Boots
And
Blood
To give it all
Boots
And
Blood
To save it all
Boots
And
Blood
To end it all
Boots
And
Blood
Fuck it
Well fuck all the druggies
And fuck all you drunks
Fuck all you wannabes
Fuck all you punks
Fuck all the demons
And fuck all you priest
Fuck all you low lifes
May you rest in peace
I won't waste words on you

Fuck it
Fuck it
Fuck it all
I will reign down on you with
Boots
And
Blood
To give it all
Boots
And
Blood
To save it all
Boots
And
Blood
To end it all
Boots
And
Blood
Fuck it
Boots
And
Blood
To save it all
Boots
And
Blood
To end it
Boots
And
Blood
To give it all
Boots
And
Blood
To save it all
Boots
And
Blood
To end it all
Boots
And
Blood
Fuck it
