

You Can't Stop the Girl

Bebe Rexha

Oh, they're trynna take our voices
They're trynna make our choices
So we scream loud, loud, loud And oh, I know you feel the lightning
And it's so exciting You can't stop the girl from going
You can't stop the world from knowing
The truth will set you free, oh
You can't stop the girl from going
You can't stop the world from knowing
The truth will set you free, oh
You can't stop the girl
