

Independence Day

5 Seconds of Summer

You're telling me the same old story
And that I need to change
If you're not living my life for me
You make it feel that way You know, you know
We're losing control
I gotta break away
And nothing's gonna change You've got to go
It's the end of the road
No matter what you do or say Baby, you're not what I need
I'm over this
I'm over you
I'm not gonna waste my life away
This is my independence day
I'm moving on there's no excuse
And I can't take away your pain This is my independence day
This is my independence day Suddenly my picture is looking perfect
Since you're not in the frame
And deep down I never meant to hurt you
But you're the one to blame You know, you know
We're losing control
Before it's too late I'm making my escape
Now that I'm gone you're on your own
No matter what you do or say Baby, you're not what I need
I'm over this
I'm over you
I'm not gonna waste my life away
This is my independence day
I'm moving on there's no excuse
And I can't take away your pain This is my independence day Wouldn't it be nice
If it could've worked out right for us
I know you fight for all we had
But it didn't feel right Heart down our sleeves
We lost tonight
And there's no looking back I'm over this
I'm over you
I'm not gonna waste my life away
This is my independence day
I'm moving on there's no excuse
And I can't take away your pain
This is my independence day Wouldn't it be nice
If it would've worked out right for us
There's no looking back

This is my independence day
This is my independence day!
