

# Hands

Mike Perry, The Vamps & Sabrina Carpenter

Come on lay your hands  
Your hands on me  
We don't have to talk  
Cause talk is cheap  
In the dark silence so loud  
You only gotta lay your hands on me You say it in better way and  
Hey yeah yeah yeah  
Hey yeah yeah yeah  
You say it in better way and  
Hey yeah yeah yeah  
Hey yeah yeah yeah  
I've been thinking about it  
I've been thinking all night  
Every time I try to learn your body language  
Never get it right  
Just so I do rebate it  
So I turn off the light  
And we just drop that dress to the floor  
We can talkin' to sunrise  
I've been thinking about it  
The way that you blow my mind  
I've been thinking about it, all night Come on lay your hands  
Your hands on me  
We don't have to talk  
Cause talk is cheap  
In the dark silence so loud  
You only gotta lay your hands on me  
You say it in better way and  
Hey yeah yeah yeah  
Hey yeah yeah yeah  
You say it in better way and  
Hey yeah yeah yeah  
Hey yeah yeah yeah Don't tell me about it  
Keep on blowing my mind  
Cause your lips are made for kissing baby  
So I put them on mine  
No conversation  
I would've been lying  
So leave your shit at the door Come on lay your hands  
Your hands on me  
We don't have to talk  
Cause talk is cheap

In the dark silence so loud  
You only gotta lay your hands on me You say it in better way and  
Hey yeah yeah yeah  
Hey yeah yeah yeah  
You say it in better way and  
Hey yeah yeah yeah  
Hey yeah yeah yeah
