

(Hey Why) Miss You Sometime

P!nk

[Intro]

Ayy
Ah, haha

[Verse 1]

Big time like, oh, I need your love
Like, oh, I need your love
Baby boy, I'm falling in your love
We dominate this love
Big time Jack Daniels type of love
Titanic with your love
Waking up in Florida kind of love
We dominate this love
Big time like

[Pre-Chorus]

Give it a minute
I know it's shit, but I love it
We're high, we're way above it
I need you out my head now
Give it a minute
We'll soon be gone, we'll forget it
We're high, so high above it
I need you out my life now

[Chorus]

Hey, why you fucked up my life?
So hey, why do I miss you sometimes?
Thousand nights I've said goodbye, almost lost my mind
So hey, why do I miss you sometimes?

[Verse 2]

Big time like, oh, I need your love
Like, only need your love
Baby boy, I'd die without your love (Your love)
You dominate me love
Big time Johnny Cash kind of love
McDonald's type of love
Can't find my clothes kind of love (Your love)
We dominate this love

Big time like

[Pre-Chorus]

Give it a minute

I know it's shit, but I love it

We're high, we're way above it

I need you out my head now

Give it a minute (Minute)

We'll soon be gone, we'll forget it

We're high, so high above it

I need you out my life now

[Chorus]

Hey, why you fucked up my life? (Oh)

So hey, why do I miss you sometimes?

Thousand nights I've said goodbye, almost lost my mind

So hey, why do I miss you, do I miss you sometimes?

[Bridge]

Oh damn, it's a shame

Everything that I want, you ain't really with it

Oh damn, it's a shame

It's a game that we play when we say we're in it

Oh damn, it's a pain

When you say that my heart ain't in it

Oh damn

[Pre-Chorus]

I miss you sometimes, oh

We're high, we're way above it

I need you out my head now

Give it a minute

We'll soon be gone, we'll forget it

We're high, so high above it

I need you out my life now

[Chorus]

(Hey, why?)

Hey, why you fucked up my life? (Hey, why?)

So hey, why do I miss you sometimes?

Thousand nights I've said goodbye, almost lost my mind

So hey, why do I miss you sometimes?

[Outro]

Big time like, oh, I need your love (Your love)

Like, oh, I need your love (Your love)

Baby boy, I'm falling in your love

(Do I miss you sometimes?)

Big time Jack Daniels type of love (Your love)

Titanic with your love
Waking up in Florida kind of love
(Do I miss you sometimes?)
Big time like
