

There X2 (feat. Marshmello)

Slushii

[Verse]

I still miss you, baby, after all this time
But if I wait here, will you be there, times two?
I still miss you, baby, after all this time
But if I wait here, will you be there, times two?[Chorus]

I still miss you, I still miss you
I still miss you, I still miss you
I still miss you, I still miss you
I still miss you, I still miss you
(Will you be there, times two?)
I still miss you, I still miss you
I still miss you, I still miss you
I still miss you, I still miss you
Will you be there, times two?

[Drop 1]

I still miss you, I still miss you
I still miss you, I still miss you
I still miss you, I still miss you
I still miss you after all this time[Verse]
I still miss you, baby, after all this time
But if I wait here, will you be there, times two?
I still miss you, baby, after all this time
But if I wait here, will you be there, times two?[Chorus]

I still miss you, I still miss you
I still miss you, I still miss you
I still miss you, I still miss you
I still miss you, I still miss you
(Will you be there, times two?)
I still miss you, I still miss you
I still miss you, I still miss you
I still miss you, I still miss you
Will you be there, times two?

[Drop 2]

Whoa whoa oh, whoa whoa oh
Whoa whoa oh oh oh oh oh
Whoa whoa oh, whoa whoa oh
Whoa whoa oh oh oh oh oh
And I hope you know
That I can't do this on my own
And, baby, I know I was wrong
But I'll be there, times two[Outro]
And I hope you know

That I can't do this on my own
And, baby, I know I was wrong
But I'll be there, times two
And I hope you know
That I can't do this on my own
And, baby, I know I was wrong
But I'll be there, times two
