

# Click (feat. Kim Petras & Tommy Cash)

[Charli XCX](#)

Get what I want like "click"

They want a pic like "click"

Cheers with the glass like "click"

Cash register goes "click"

You can't fuck with my clique

Strut my stuff on the strip

Perspex all on the whip

Pull up and vroom, oh shit

Charli's up in this bitch

Charli's up in this

Get what I want like "click"

They want a pic like "click"

Cheers with the glass like "click"

Cash register goes "click"

You can't fuck with my clique

Strut my stuff on the strip

Perspex all on the whip

Pull up and vroom, oh shit

Charli's up in this bitch

Charli's up in this

Pull up and we drippin' in gold

The king of my clique when I roll

Hit Kim 'cause she cute on my phone

Hit Tommy, he know how to ball

We fly off, let's go to Moscow

I'm zoomin' my way 'round the globe

Don't care 'bout the records you sold

Cosign if you did it alone

I'm so 20/20 with my vision

20/20 with precision, I'm so electric

I'm so 20/20 when I wanna go pop

I'll pop, I got them hits

Click the research, get the camera

Click it on, baby, come and watch me dip

Watch me dip with my clique (Woo, woo)

Watch me dip with my, oh yeah

Get what I want like "click"

They want a pic like "click"

Cheers with the glass like "click"

Cash register goes "click"  
You can't fuck with my clique

Strut my stuff on the strip

Perspex all on the whip

Pull up and vroom, oh shit

Charli's up in this bitch

Charli's up in this

Bunch of bad bitches in my clique, we on a roll, yeah

Kim, bust a bottle off in this bitch, now watch me go off

Bust it down, down, down, look at my wrist, I'm such a show-off

Designer everything, Versace, Louis, Goyard

First they want a check, first they send the Wraith

Looking like a safe, diamonds in your face

Skinny in the waist, make him eat the cake

Charli with me babe, Charli with me babe

Act like full of bass, you get through L.A

Cookie super sweet, put it on a crepe

Got an appetite, come and clean the plate

You heard what I say, you heard what I said, yeah

I'm next level, so legit with all my clique, clique, clique, yeah

All you bitches fucking wish you had this clique

Get what I want like "click"

They want a pic like "click"

Cheers with the glass like "click"

Cash register goes "click"

You can't fuck with my clique

Strut my stuff on the strip

Perspex all on the whip

Pull up and vroom, oh shit

Charli's up in this bitch

Kim is up in this

I'm hard like sudoku

Expensive like Coco

If no pay, I won't go

Don't talk with the broke hoe

Tommy go real loco

Look at the rich hobo (Ching ching)

Babushka do go-go

Solo I GoPro

Mackintosh and big MAC, duck

Know to duck around this block

Please don't, doors unlocked

Like I don't really give a fuck

Flame at ya, jump out dat-dat

For me clique, let me hashtag

We get lit

But we never need a lot

Don't like fake class

Get what I want like "click"

They want a pic like "click"

Cheers with the glass like "click"

Cash register goes "click"

You can't fuck with my clique

Strut my stuff on the strip

Perspex all on the whip

Pull up and vroom, oh shit

Charli's up in this bitch

Charli's up in this
