

# Lovin' It

## Ariana Grande

Baby don't you know you got all my love, all my love  
Baby don't you know you got all my love, all my love Hold up, wait, before you go just stay  
And talk to me for a little  
Baby, won't you loosen up just a little, uh? See what you don't understand is falling in love  
wasn't part of my plan  
Started with a crush  
Call you my man  
Doubt that I'd fall in love, ever fall in  
Ever fall in love again 'Cause you give me chills every time we chill I spend all of my days  
Doin', doin'  
Nothin' but lovin' you  
Nothin' but lovin' you baby  
(Boy you got all my time)  
I'm lovin' your lovin'  
I'm lovin' it, lovin' it baby  
(Boy you got all my, all my)  
Love and affection  
All my attention  
You don't gotta question  
If I'm really  
Lovin' your lovin'  
I'm lovin' it, lovin' it baby  
(Boy you got all my, all my) Hold up, wait, shut up and kiss me, babe  
I just wanna get a little taste  
I just wanna get a little taste before you go  
See what you don't understand is fallin' in love wasn't part of my plan  
Started with a crush  
I call you my man  
Doubt that I'd ever fall in  
Love, ever fall I love again 'Cause you give me chills every time we chill  
I spend all of my days  
Doin', doin' Nothin' but lovin' you  
Nothin' but lovin' you baby  
(Boy you got all my time)  
I'm lovin' your lovin'  
I'm lovin' it, lovin' it baby  
(Boy you got all my, all my)  
Love and affection  
All my attention  
You don't gotta question  
If I'm really  
Lovin' your lovin'

I'm lovin' it, lovin' it baby  
(Boy you got all my, all my) Savor my trust  
Don't mess this up  
(You got me fallin' in love, you got me fallin' love, you got me fallin' so hard)  
Boy you change the way I breathe  
When you put your lips on me  
I adore you  
So let me make it clear that you're the boy that all I need  
My baby Nothin' but lovin' you  
Nothin' but lovin you baby  
(Boy you got all my time)  
I'm lovin' your lovin'  
I'm lovin' it, lovin' it baby  
(Boy you got all my, all my)  
Love and affection  
All my attention  
You don't gotta question  
If I'm really  
Lovin' your lovin'  
I'm lovin' it, lovin' it baby  
Baby don't you know you got all my love, all my love  
Baby don't you know you got all my love, all my love
