

Focus

Sigrid

Don't look at me that way
You should know I can take it
'Cause you're making my face blush,
Bringing back the uselessness in me People are telling me
That I need to go through with this
But I'm too scared to admit
Too scared to open up for you
I don't know what I want
I don't know what I need Oh, oh
I'm tired of always looking back to you
Oh, oh
I need to move on but you're making it hard
(But you're making it hard)
Don't let me crawl to you
'Cause I'm not that kind of girl
I will not degrade myself
Even if it means that we are not a we I don't know what I want
I don't know what I need
What I need So this is how it feels to be devastated
But you're feeling satisfied knowing that someone wants you
When will this end?
I can focus
I don't have time for all of this
It's a waste of my time Oh, oh
I'm tired of always looking back to you
Oh, oh
I need to move on but you're making it hard
Oh, oh
I'm tired of always looking back to you
Oh, oh
I need to move on but you're making it hard But you're making it hard
But you're making it hard
(I'm tired of always looking back to you)
I need to move on but you're making it hard
But you're making it hard
(I'm tired of always looking back to you)
Oh, oh
I need to move on but you're making it hard
