

Moonlight

Lil Xan & Charli XCX

[Intro: Lil Xan]

(Ear Drummers)

Yeah, ayy, brrr

Yeah, yeah, ayy, ayy [Chorus: Lil Xan]

Under the moonlight, she said she felt the mood right
And said, "Is everything right?" We drunk up off that moonshine
We look up at the star lights, she look just like the star shine
I gave that bitch my sunshine, it's peakin' through the highrise
It's peakin' through the

Ayy, but it don't mean shit if you ain't happy, though
Happiness is all that matters, I hope you know
And fuck it, let's just see what happens, take a risk, let's take a trip
Swervin' off the bourbon, hope we don't hit the dip

[Verse 1: Lil Xan]

Ayy, on my Post Malone shit, now I got my own bitch
Money that I spent so now you know I fuckin' own shit
Yeah, I'm on my own, feelin' alone, drink Patron
Got them evil bitches all up in my motherfuckin' zone
Ayy, ayy, and why you never answer phones?
Ayy, ayy and yeah, I'm chillin' home alone
Back in high school she didn't want me, now that shit changed

Now her family show me praise
That shit seem like super strange

[Chorus: Charli XCX & Lil Xan]

Under the moonlight

She said she felt the mood right
She said, "Is everything right?"

We drunk up off that moonshine

We look up at the star lights (yeah)

She look just like the star shine (ayy, ayy)

Ayy, but it don't mean shit if you ain't happy, though

Happiness is all that matters, this I hope you know

And fuck it, let's just see what happens, take a risk, let's take a trip

We swervin' off the bourbon, hope we don't hit the dip [Verse 2: Lil Xan & Charli XCX]

White Mercedes, whip it

Do 150, hope I do not crash

Fuck that bitch and hit the dash (dash)

Fuck that bitch and hit the dash (dash)

I be on my superhero, baby

Let's just fly away

Go away

If you broke my heart, I hope you go away

White Mercedes, whip it
Watch me strippin', press up on the glass
Do it good, I'm on the dash
Put you right up on the dash
I be on my Al Pacino level, high as fuck today
Robbery, if you break my heart, you better run away
Oh, oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh
Oh, oh, oh[Chorus: Charli XCX & Lil Xan]
Yeah, under the moonlight
She said she felt the mood right
I told her hold my hand
She said, "Is everything right?"
We drunk up off that moonshine
We look up at the star lights (yeah)
She look just like the star shine (ayy, ayy)
Ayy, but it don't mean shit if you ain't happy, though
Happiness is all that matters, this I hope you know
And fuck it, let's just see what happens, take a risk, let's take a trip
We swervin' off the bourbon, hope we don't hit the dip[Verse 3: Charli XCX]
Yeah, yeah, Marilyn Monroe shit
Blow you away, blow you away, like you light shit
[?] fly away just to lay me down on the grass shit
Fuckin' it up so good for you, 4 am, so pull up the dog shit
Summer nights, Pacific Highway
'Cause I just really wanna pull you close
Always love the things I lose the most
Oh, oh, oh
One more love and then we let it go
Always love the things I lose the most, yeah
Hop in the ride, ruh ruh
