

# Mine Again

Mariah Carey

[Verse 1]

I remember when you used to be mine  
Way back when  
I was too naive to love you right  
But now if I only had the opportunity  
I would do anything  
Because my heart still believes

[Chorus]

Maybe you could be mine again  
Maybe we could make that dream for real  
Like way back then  
When love was yours and mine  
Maybe we could bring it back to life

[Verse 2]

It's irrelevant to dwell on the past  
I'm accountable for what went bad  
And I mean that  
But I keep on praying for another chance  
Just to have you back  
Because I've grown  
And I know how to be your everything

[Chorus]

Maybe you could be mine again  
Maybe we could make that dream for real  
Like way back then  
When love was yours and mine  
Maybe we could bring it back to life

[Verse 3]

No, no, it ain't over yet  
I just can't accept the possibility  
We weren't made for each other's arms  
I know you're my destiny  
We can't erase what was meant to be  
Part of you and part of me  
If we try one more time

Maybe somehow we'll survive

[Chorus]

Maybe you could be mine again  
Maybe we could make that dream for real

Like way back then  
When love was yours and mine  
Boy, maybe we could bring it back  
Maybe we could bring it back  
Maybe we could bring it back to  
Life  
Maybe you could be mine
