

Road Trip

Skegss

It's a road trip
And it's starting to wear off
It's been a little bit
Since I had my first drop
I been driving for a while
And I can feel that it's starting to stop

I'm coming down
I'm driving down
I'm coming down
I'm driving down
Again
(x2)

It's a road trip
And it wouldn't be if it never stopped
So now I'm back on road
Plan to feel good til' I go home
But its a road trip
So it starts and when you get home it stops

I'm coming down
I'm driving down
I'm coming down
I'm driving down
Again
I'm coming down
I'm driving down
I'm coming down
I'm driving down
Again

It's a road trip
And it wouldn't be if it never stopped
It's a road trip

And it wouldn't be if it never stopped
