

# Only You

## Cheat Codes & Little Mix

Dancing with your silhouette in the places that we met  
Ooh, tryna find you in the moon  
Paris never feels the same  
When the streets all call your name  
Ooh, so I hide in crowded rooms And I'll follow right down the river  
Where the ocean meets the sky  
To you, to you Once upon a time we had it all  
Somewhere down the line we went and lost it  
One brick at a time we watched it fall  
I'm broken here tonight and darling, no one else can fix me  
Only you, only you  
And no one else can fix me, only you  
Only you, only you  
And no one else can fix me, only you, oh Only you Did I let go of your hand for a castle made of  
sand  
Ooh, that fell into the blue  
I went following the sun to be alone with everyone  
Ooh, looking 'round a crowded room And I'll follow right down the river  
Where the ocean meets the sky  
To you, to you  
Once upon a time we had it all  
(We had it all)  
Somewhere down the line we went and lost it  
(We went and lost it)  
One brick at a time we watched it fall  
(Fall)  
I'm broken here tonight and darling no one else can fix me  
Only you, only you (yeah)  
And no one else can fix me, only you  
(No one like you)  
Only you, (nobody else), only you (oh)  
And no one else can fix me, only you, (oh)  
Only you  
(Falling, falling, falling, yeah)  
Only you, (only you)  
Only you, (only you)  
And no one else can fix me, only you (only you)  
Only you, (only you)  
Only you, (only you)  
And no one else can fix me, only you
