

Wind in Our Sail

Weezer

[Verse 1]

A boy and a girl
Albatross around their necks
Hands burning from the rope
Ship stranded in the tropics
Acidification wiped out the tiger shark
Let's try to save their souls
And trust the man with the Torah

[Chorus]

We got the wind in our sail
Like Darwin on the Beagle
Or Mendel experimenting with a pea
We got the wind in our sail
And we can do so many great things together, together

[Verse 2]

Breathe in the salt
Slicing waves at 40 knots
Cumulonimbus in the sky
This is what we've waited for
And now there's no more hyperventilating in wheelchairs
We're gonna save the last auk on Funk Island
We had to do it wrong before we could do it right

[Chorus]

We got the wind in our sail
Like Darwin on the Beagle
Or Mendel experimenting with a pea
We got the wind in our sail
And we can do so many great things together, together

[Bridge]

Pushing the stone up the hill and if it rolls back down
Whoa, Sisyphus it rolls back down
Pushing the stone up the hill and if it rolls back down
Whoa, Sisyphus it rolls back down

[Chorus]

We got the wind in our sail

Like Darwin on the Beagle
Or Mendel experimenting with a pea
We got the wind in our sail
And we can do so many great things together, together
