

# Chronic Generation

## Chron Gen

I'm a member of the Chronic Generation  
It's gettin me nowhere-its full of complications  
Our lives are moulded like a plasticene mutation  
Don't wanna be a part of the Chronic Generation

CHRONIC GENERATION (CHRONIC GENERATION)  
CHRONIC GENERATION (CHRONIC GENERATION)  
CHRONIC GENERATION

Chronic Generation  
Boredom and frustration  
For the vandalism  
Of the infant school invasion

Chronic Generation  
We rebel against the nation  
And the system of education  
The need for qualifications
