

Under the Milky Way

Sia

Sometimes when this place gets kind of empty
Sound of their breath fades with the light
I think about the loveless fascination
Under the milky way tonight Lower the curtain down in Memphis
Lower the curtain down all right
I got no time for private consultation, yeah
Under the milky way tonight I wish I knew what you were looking for
I might have known what you would find
And there's something quite peculiar
Something shimmering and white
Leads you here despite your destination
Under the milky way tonight I wish I knew what you were looking for
I might have known what you would find
I wish I knew what you were looking for
I might have known what you would find Under the milky way tonight
Under the milky way tonight I wish I knew what you were looking for
I might have known what you would find
I wish I knew what you were looking for
I might have known what you would find
The milky way tonight
Under the milky way tonight
Ohhh, under the milky way tonight
Under the milky way tonight Under the milky way tonight
Under the milky way tonight...
