

# Run

Emma Bale

[Verse 1]

Run to the water and see  
No one knows, except for me  
And I know time has come  
So run to the water, baby, run

[Verse 2]

Take my hand, I'll give you strength  
Guide you home through forgotten lands  
See the world that's at your feet  
If you close your eyes, you'll never see the deep

[Chorus]

Run to the water, baby  
Run to the water  
Run to the water, baby  
Run

[Bridge]

Whatever it is, you know that I'll guide you  
Wherever you go, you know that I'll find you  
Nothing can take you, lead you away from home  
Whenever you need me, I'll be beside you  
Carry you with me, I'll light the way back home  
The way back home

[Outro]

Run to the water and see  
Trust yourself and you'll be free
