

Round and Round

Far East Movement

We go round, round, round, round

Everywhere that I go, people know me by the way I flow
I keep it movin' in the right direction
And everyday you know that's how I'm livin'
It's alright!

Round round, get around, I get around (it's alright)
Downtown, boogie down, I get around (it's alright)
Round round, get around, I get around (it's alright)
Downtown, boogie down, I get around

Round round we go when we lookin' for hoes
We line 'em up and knock 'em down, it's like tic tac toe
We on a roll spittin' flows every day of the week
We might not got a lotta dough but we get paid by the freak
We movin' east, different cities, different girls, different titties
And we get 'em by the dozens, call 'em groupie committees
We gettin' busy like Bone all up in college dorms
If you ain't takin' us home then you can leave us alone!

Everywhere that I go, people know me by the way I flow
I keep it movin' in the right direction
And everyday you know that's how I'm livin'
It's alright!

Round round, get around, I get around (it's alright)
Downtown, boogie down, I get around (it's alright)
Round round, get around, I get around
We go round, round, round, round

Two kids at the ocean shore diggin' for change
Savin' up to buy an aeroplane and take us away
My crew has been around the block so all the girls know my game
Plus my milk money is s-s-sour, way past the date
So if you know where we can grow a pound of grow we can roll
Rock a show in Tokyo and kick a foot, OHIO!
Put the O wit' Oreo we go, the power of soul
Round and round we go but where we stop nobody knows!

It's alright!
Round, round, get around, I get around (it's alright)
Downtown, boogie down, I get around (it's alright)
Round, round, get around, I get around (it's alright)
Downtown, boogie down, I get it around

Yo, come and get it, come and check it, see what we got
We about to set it, 'bout to wreck, it makin' you hop
Out ya shoes out ya socks, gettin' hot off the pot
So stay in tune, please don't move and keep the station on lock
Cause we fly around the world so hold it down while we gone
Haven't been home in a minute and my hair's gettin' low
I'll be back, but gone tomorrow, with the wind in the blows
I'm gonna rock the microphone 'til I'm a hundred years old!

Everywhere that I go, people know me by the way I flow
I keep it movin' in the right direction
And everyday you know that's how I'm livin'
It's alright!

Round round, get around, I get around (it's alright)
Downtown, boogie down, I get around (it's alright)
Round round, get around, I get around
We go round, round, round, round

It's alright! (it's alright)
It's alright! (it's alright)
It's alright! (it's alright)
It's alright! (it's alright)
