

Too Close for Comfort

Bob Moses

We are not alone in the evening...
We are not alone in the evening time...
We are not alone in the evening...
We are not alone in the evening time...
Too close for comfort
Now they'll come and get ya...
Too close for comfort
Now they'll come and get ya...
No one knows just how
They got you figured out
No one knows just how
They got you figured out
