

Unfold

Alina Baraz & Galimatias

[Verse 1]

Cover my thoughts in gold
I'm your flower, watch me unfold
My vulnerability, letting you consume me
The parts of me that eyes can't see
The glowing underneath
Picking off the petals
I'll let you if you're gentle

[Chorus]

Hey, watch me unfold
Watch me unfold
Watch me unfold
Hey, watch me unfold
Watch me unfold
Watch me
Hey, he says that I'm glowing
Hey, He says that I'm glowing

[Verse 2]

This kind of love we can't control
The art of touch, I am covered in gold
I know that you feel me know
No I'm never going down
The parts of me buried underneath
The glowing, don't you see?
I know that you feel me now
No I'm never going down

[Chorus]

Hey, watch me unfold
Watch me unfold
Watch me unfold
Hey, watch me unfold
Watch me unfold
Watch me
Hey, he says that I'm glowing
Hey, He says that I'm glowing

[Outro]

The kind of love we can't control
The kind of love we can't control
The kind of love we can't control
The kind of love we can't control
