Detours

Jordan Davis

I was a Renegade ragtop, revvin' up an engine
Hell yeah, why not take it to the limit
I would smoke it if you had it at a high school partyPassin' 'round a bottle 'round a bonfire in the woods

Look at me wrong, you damn right, I'd fight ya
Parents got divorced, kinda dog that would bite ya
And I'd love 'em and I'd leave 'em and it was what it was
And it is what it is and I wouldn't change it if I couldYeah, I lost my way

Damn near lost my mind

Pedal to the metal, let the devil lead me blind

I was way outside the lines

Yeah, and I got way off track

Took some wrong turns lookin' back

It's been one helluva ride in my rear view

But I thank the good Lord for the detours to you

She was an everything but the wings angel outta nowhere

'Cross the room, crooked smile and I just had to go there

Sittin' with a group of friends and sippin' on a glass of red

And I don't remember what I said but she wrote her number down

All I ever wanted but never knew I needed

She's the dotted lines and every sign that led me straight to Jesus

Was a voice that made me hit the brakes, slow it down, have some faith

And I had to learn from my mistakes but I'm on the right road nowYeah, I lost my way

Damn near lost my mind

Pedal to the metal, let the devil lead me blind

I was way outside the lines

Yeah, and I got way off track

Took some wrong turns lookin' back

It's been one helluva ride in my rear view

And I thank the good Lord for the detours to youYeah, the detours to you

Well I lost my way

Damn near lost my mind

Pedal to the metal, let the devil lead me blind

I was way outside the lines

And I got way off track

Took some wrong turns lookin' back

It's been one helluva ride in my rear view

And only He knows all the hell I had to go through

I thank Him for the detours to you

All the detours to you
