

# Got Your Six

## Five Finger Death Punch

Charge!!!  
Imma fucking solider  
Just like I told ya  
While im just warming it up  
You're getting colder  
Out on the battleground  
Lets take a look around  
There's a million of us  
Ready to throw down  
They'll never take me alive  
Hit the pit  
Blood on the bricks  
Dont look back  
'Cause I got your six  
Wont go down  
Never gonna quit  
Dont turn back  
'Cause I got your six  
You know I got your back  
They'll never take that  
Until the bitter end  
You know I'll never crack  
I'll face an army  
Cant fucking harm me  
Out on the front line  
Thats where you'll find me  
They'll never take me alive  
Hit the pit  
Blood on the bricks  
Dont look back  
'Cause I got your six  
Wont go down  
Never gonna quit  
Dont turn back  
'Cause I got your six  
I will never accept defeat  
And I will never quit  
I got your six  
I got your six  
Hit the pit  
Blood on the bricks  
Dont look back

'Cause I got your six  
Wont go down  
Never gonna quit  
Dont turn back  
'Cause I got your six  
Hit the pit  
Blood on the bricks  
Dont look back  
'Cause I got your six  
Wont go down  
Never gonna quit  
Dont turn back  
'Cause I got your six  
I got your six  
I got your six
