

# In the Light of the Moon (feat. lil aaron)

## Goody Grace

[Goody Grace:]

I come alive in the night

Shine in the light of the moon

I'm thinkin' maybe tonight

We can lose sight of our views

But I just don't have the time to be out calling for you

You must be out of your mind to think that I'm falling for you

In love, who, me? Oh, no

Roll up some more blue dream

Backwoods, loose leaf

Pour up JD, boyfriend ain't me

Choices ain't free

But it's hard for me to say no

I just wanna live fast while I'm young

I don't really wanna wait, no

Never ever been one to

Travel on the safe road, no

Broken hearts and regrets

I got a whole safe for

Do you wanna be the next one, yeah

I come alive in the night

Shine in the light of the moon

I'm thinkin' maybe tonight

We can lose sight of our views

But I just don't have the time to be out calling for you

You must be out of your mind to think that I'm falling for you

[lil aaron:]

Yeah

You must be crazy to think you my baby

Just tryna get faded, back up my Mercedes

I ain't tryna love you, I'm just tryna fuck you

I'm just tryna hit, sorry to burst your bubble?

Shawty gave me brain bumpin' glowing pains

I ain't even know her name but that shit was great

I ain't even know her name but she knew mine

Hit it once, I ain't never hit it two times

[Goody Grace:]

Girl, you know I can't stay

Too much money to make

I gotta go get paid, yeah, yeah, yeah

And I can't even lie

Got two hoes on the side  
Ain't going home tonight, nah, no

I come alive in the night  
Shine in the light of the moon  
I'm thinkin' maybe tonight  
We can lose sight of our views

But I just don't have the time to be out calling for you  
You must be out of your mind to think that I'm falling for you  
  
You must be out of your mind to think that I'm falling for you
