

Billie Eilish

KidSnorlax

[hook]

Make the whole world mine
I just feel like Billie Eilish
Shorty want my number
And she didn't?even?dial it
Watch the?blood drip
And it's kinda looking violet
Cooking?in the lab
And I'm feeling like a scientist
In my feelings
I'm not even dreaming
Shorty trippin' out
If she thinking that I'm cheating
I ain't leaving
I don't need the meaning
Your girl gave me top
And it wasn't that appealing

[verse 1]

Shock that girl
Like I'm pikachu
I don't know who's you
Another boo
Ghastly who
I got drinks that look so blue
She don't like me
But I got my wifey, up on me
Pricey, that tags kinda pricey
I'm Icy
I got black on my hoodie
I know that she like it
I'm just feeling so moody
She told me to pipe it
I got a couple young groupies
I won't even tap it
I got a goth girl real spooky
I know I would tap it
I'm feeling icy, yea no narco
Wanna get more money than a whole Wells Fargo
Yea we moving bricks like we out here with the cargos

Let a pole rip till we running out of ammo

[hook]

Make the whole world mine
I just feel like Billie Eilish
Shorty want my number
And she didn't even dial it
Watch the blood drip
And it's kinda looking violet
Cooking in the lab
And I'm feeling like a scientist
In my feelings
I'm not even dreaming
Shorty trippin' out
If she thinking that I'm cheating
I ain't leaving
I don't need the meaning
Your girl gave me top
And it wasn't that appealing
