

Wrong Bitch (feat. Bob the Drag Queen)

Todrick Hall

Now if you think I'm some sideline type chick
Think you guys go'n sell me lies, best recognize real quick
Bitch, you got the wrong bitch
Bitch, you got the wrong bitch
You got the wrong wrong bitch
If you think you gon slanderize my name
You done lost your mind I ain't got time for all these games
Bitch, you got the wrong bitch
Bitch, you got the wrong bitch
You got the wrong wrong bitch

Cause i bite my tongue for no wizard
I fight with fire ina snow blizzard
I tear that emerald city down , ain't no sitting down
With no cold lizards like huh
It's wiz business , that's a silent "I"
And I'll be silent the day i see motherfunkin' mokeys fly
They flyin' now?... hmm

Now if you think that this witch won't expose
The fact that 5 o's droppin' houses on hoes
Bitch, you got the wrong bitch
Bitch, you got the wrong bitch
You got the wrong wrong bitch
And if you try to wash my blood off these bricks
You think that I won't find the guy that came and mopped my kicks
Bitch, you got the wrong bitch
Bitch, you got the wrong bitch
You got the wrong wrong bitch
