## Glass Animals

[Verse 1]

When you see him look him in the eye  
Look him in the eye and he won't dare to follow  
If you need to, hook him with your right  
Hook him with your right till he wiggles and wallows

[Verse 2]

He sleeps atop a bag of raven's legs  
Curled up rats napping by his head  
Takes his eye out with a ball point pen  
And makes nunchaku with his torn off legs

[Pre-Chorus]

You wake up with a hatchet over your head  
You wake up with a hatchet over your head

[Chorus]

I can see you running  
I can see you running  
Gone in the blink of my eye  
Gone gone gone in the blink of my eye  
I can see you running  
I can see you running  
Gone in the blink of my eye  
Gone gone gone in the blink of my eye

[Verse 3]

Open your eyes choking on his breath  
Choking on his breath you grimace then smile  
Take a toke of his wet cigarette  
He picks your brains  
You stub it on his chest

[Verse 4]

Slit his tongue with one fast hand  
Stuff his mouth with the salty sand  
Tie his arms with hair from his head  
And roll him round like a rusty can

[Pre-Chorus]

[Chorus]

((Look him in the eye))
