

The Key

The Knocks

Will you back up?
Will you back up?
Drop it, take it down low
Make you touch the floor
Can I pull you back up?
Will you back up?
Drop it, kick you down low
Make you touch the floor
Will you back up?
Drop it, take it down low
Make you touch the floor
Can I pull you back up?
Will you back up?
Get in when you drop it slow
Can you turn me high and show?
It's sexy how you said Hello
You're in my mind, with my body
You just show me where to go
Hanging on to every word you say, eey
Baby, if you feel me, we should play, eeey
Will you back up?
Drop it, take it down low
Make you touch the floor
Can I pull you back up?
Will you back up?
Drop it, kick you down low
Make you touch the floor
Will you back up?
Drop it, take it down low
Make you touch the floor
Can I pull you back up?
Will you back up?
You got that lock, I got the key
I'll close you in when you need
You need to go and then I'll speak
Take the long time with the way
Touch you slow like Hennessy
Hanging on to every word you say, eey
Baby, if you feel me, we should play, eeey
Will you back up?
Drop it, take it down low
Make you touch the floor

Can I pull you back up?
Will you back up?
Drop it, kick you down low
Make you touch the floor
Will you back up?
Drop it, take it down low
Make you touch the floor
Can I pull you back up?
Will you back up?
You got that lock, I got the key
Will you back up?
Drop it!
You got that lock, I got the key, the key
Will you back up?
Will you back up?
Baby, if you feel me, we should play, eeey
Will you back up?
Drop it, take it down low
Make you touch the floor
Can I pull you back up?
Will you back up?
Drop it, kick you down low
Make you touch the floor
Will you back up?
Drop it, take it down low
Make you touch the floor
Can I pull you back up?
Will you back up?
